

# Big Lottery Fund well-being programme

## developing a regional bid for Yorkshire and the Humber

---

- People and communities have improved mental well-being
  - People are more physically active in their daily lives and in their communities
  - Children, parents and the wider community eat more healthily
- 

### Our bid

Well, we got it in ... just! There was a last minute panic when Mark reported his train was reversing from York and heading not to Newcastle but Leeds - but fortunately it was only station congestion and he duly handed over the paperwork at the Big Lottery Fund office.

Thank you one and all for the huge efforts to complete your project forms and forward the financial governance letters and your letters of support.

We would also like particularly to thank our consultant Sue Cook for more than going the extra mile and the finance team in NHS Yorkshire and the Humber, who completed the paperwork in spite of financial year end pressures.

Thanks also to Housing and the Highways Agency – the only departments in the whole of Government Office on Friday who had fully-functioning printers!

### Message from Mark

'I think we have a great bid with some tremendous strengths. Everyone has made fantastic contributions to the bid and I think that we should all be really pleased with our end product.

'I have personally enjoyed seeing our collective strength through partnership develop - colleagues in LSPs have been fantastic to work with while our core team has become stronger and really demonstrated the merits of cross sector partnership working - Sport England, CSIP, NHS Yorkshire and the Humber, DH and of course our consultant Sue Cook'.

---

### Next steps

- April assessment visit
- End of June decision.

---
