

CYPSP – workshop ‘Safeguarding’

Key points highlighted during the speaker presentations:

- Increasing need (economic decline/increase in referrals to Children's Social Care and CAF)
- Big challenge to mainstream preventative agenda and other services which have traditionally been based on grants
- Managing capacity across all services

Key points raised during discussion

- How do we manage? - prioritisation and doing things differently
- partnership working, for example in back office to improve efficiencies
- Need to continue to influence the culture of society to help people make healthy/ positive lifestyle choices
- Role of parenting and supporting parents
