

# York and North Yorkshire Climate Change Leadership Programme

**Workshop Four: Building Bridges: Collaboration, Cost Savings  
and Best Practice in Sub-Regional Planning**

A great place to live, work & play

# Health and Safety

# Alice Owen

Arup Associate Director

Sustainable Development Commissioner

# Peter Head

Arup, Director and Global Head of Planning

# Prof. Andy Gouldson

Director of the ESRC Centre for Climate Change Economics and Policy

# Challenges

- Rural and distributed
- Agricultural economics
- Land use and carbon emissions
- Public transport doesn't meet need
- Capital is tied up
- Managing risk and uncertainty
- Scale of the challenge

# Opportunities

- Distinctive built environment
- Distinctive (and highly valued) natural capital
- Shared services and innovation
- Resilience can deliver for people and the economy too
- Multi skilled communities

# Capability for Local Sustainable Development

- Structure
- Knowledge
- Leadership
- Vision
- Delivery capacity
- Ability to learn, curiosity
- See similarities as well as differences
- Ability to accept and manage risk

# Action Planning

- What? The to do list
- Why? Because all of forget why we thought that would solve the problem
- Who? Sometimes someone else, sometimes not!
- When? (Windows of opportunity)
- Result? How will you know when the action's delivered?

A great place to live, work & play
