Yorkshire County Council

### LOCAL TRANSPORT PLAN SURVEY

We need to report to Central Government this year on the progress we are making with our plans for transport as set out in our Local Transport Plan for 2006 - 2011. This report details how we will ensure that transport services and infrastructure will improve the quality of life for residents and visitors of North Yorkshire.

It is important that we gather the views of our stakeholders, on how we are doing, to help us to identify any changes that we need to make. Please answer the following questions and return this questionnaire in the freepost (no stamp required) envelope enclosed by Friday 9th May 2008.

PLEASE USE CAPITAL LETTERS OR PLACE A TICK IN APPLICABLE BOXES

Name of your organisation : .....

1. Please rank the following priorities for transport in order of 1 to 5, where 1 is most important and 5 least important. (please use each number only once).

	RANK
Protecting the environment	
Reducing road casualties and improving road safety	
Improving access to goods and services, particularly for those without a car	
Maintaining a vibrant economy	
Reducing traffic congestion and its impacts	

2. In order to deliver these priorities, we have developed a number of specific measures to address locally identified transport problems, opportunities and issues. Have you been involved in any discussions on transport issues in your area?

Yes	No	(Circle appropriate.)
-----	----	-----------------------

2a. If yes, which discussions have you been involved in?

.....  
.....

An example is the development of Service Centre Transportation Strategies, which allow local people to have their say on what the transport issues are in their local area and how these could be resolved. Whilst just nine of these Strategies have commenced, the planned 28 strategies will eventually cover the whole of the County, based around local towns and their surrounding areas.

2b. Are you aware of a Service Centre Transportation Strategy in your area?

Yes	No	(Circle appropriate.)
-----	----	-----------------------

2c. If yes, do you consider it to be an effective way of identifying and addressing local issues?

Yes	No	(Circle appropriate.)
-----	----	-----------------------

Please explain why. ....  
.....  
.....

(Continues on reverse.)

3. Do you feel we are making progress in the following areas? Please tick the appropriate boxes.

	Considerable progress	Some progress	No progress	Don't know
Road maintenance				
Road safety				
Public transport provision				
Access to services				
Facilities for cyclists				
Facilities for pedestrians				
Reducing congestion				
Community transport provision				

Any comments? .....

.....

4. In your opinion, are the transport measures being implemented in North Yorkshire the 'right' ones?

Yes  No (Circle appropriate.)

Please explain why. ....

.....

5. Please rank the top 5 actions we can take to improve transport in North Yorkshire from the list below in order of 1 to 5. (where 1 is most important and 5 least important, using each number once)

	RANK
Improving public transport services	
Improving public transport facilities (bus stops etc.)	
Encouraging less car use	
Providing more routes for cyclists	
Providing more facilities to encourage walking eg pedestrian crossings	
Maintaining roads and pavements in North Yorkshire	
Transferring freight off the road onto alternative modes	
Building more local safety schemes	
Providing more traffic calming	
Helping to provide more community transport	
Carrying out more road safety education	

Other possible actions please specify: .....

.....

And finally, are you happy with your level of involvement in the LTP process?

Yes  No (Circle appropriate.)

If no, please explain. ....

.....

### THANK YOU FOR COMPLETING THIS QUESTIONNAIRE

Would you like to be involved in future discussions?

Yes  No (Circle appropriate.)
