

Tell us your views!

In order to review and measure how well we are working together in partnership to make this commitment a reality we are taking the opportunity to use a nationally developed audit tool from the CWDC. The review will look across all sectors and professions to identify what needs to be done for us to achieve our aspiration to be world-class using the “rainbow” above.

To do this we are conducting half day focus groups to get the views and experiences of individuals who work with children and young people. These will be interactive sessions using facilitated activities allowing you to discuss with colleagues your experiences of integrated working and how we can improve this for the benefit of children and young people. These will be across the County in March on the dates, times and locations listed below. To book onto a focus group session, please contact the Children & Young People’s Workforce Planning and Performance office on telephone (01609) 533061 or email Jessica.wallis@northyorks.gov.uk.
